Correction

***LGII* mutations in autosomal dominant partial epilepsy with auditory features**

In the article “*LGII* mutations in autosomal dominant partial epilepsy with auditory features” (*Neurology* 2004;62;1120–1126) by Ottman et al., the authors’ position of the mutation reported by Fertig et al. (2003) in Figure 1 is incorrect. The correct position of the mutation is 1177T>G (exon 8), counting from the first nucleotide of the mRNA sequence. The authors apologize for this error.

AAN AWARD FOR CREATIVE EXPRESSION OF HUMAN VALUES IN NEUROLOGY

Dr. Michael Smith of Tucson is the winner of the 2003 AAN Award for Creative Expression of Human Values in Neurology (the “Creative Expression Award”). His prizewinning personal history, “A Wise Owl,” appears in the November 11, 2003, issue of *Neurology*.

At a reception hosted by the Ethics, Law & Humanities Committee during the 56th Annual Meeting of the AAN in San Francisco, Dr. Smith received a check for \$500. A donation of \$1500 has also been given in his honor to the charitable organization of his choice, Doctors without Borders/Médecins sans Frontières.
