## Correction

In "Proton magnetic resonance spectroscopy for metabolic characterization of plaques in multiple sclerosis" by Matthews et al, which appeared in the August issue (**Neurology** 1991;41:1251-1256), figures 1 and 2 appeared with the wrong figure legends. Figure 1, which shows images and spectra from an acute plaque, belongs with the legend of figure 2. Figure 2, which shows images and spectra from chronic periventricular plaque, belongs with the legend of figure 1.

## Correction

In the Special Article by D.A. Drachman entitled "Section of Geriatric Neurology," which appeared in the September issue (**Neurology** 1991;41:1333-1334), the names of the following two members of the Executive Committee of the Section of Geriatric Neurology endorsing the article were omitted: Dr. Germaine L. Odenheimer and Dr. Herbert R. Karp.
