**In Focus**

1053 Spotlight on the June 16 issue

1054 This Week’s Neurology® Podcast

**Special Editorial**

1055 Acute neurology during the COVID-19 pandemic: Supporting the front line | J.J. Majersik and V.K. Reddy |

**Editorials**

1058 Natural history of brain lesions in X-linked adrenoleukodystrophy: On-again, off-again | R.T. Stone and K. van Haren |

1060 Genetics of chronic kidney disease and stroke | G.C. Jickling |

**In Memoriam**

1062 Mark W. Mahowald, MD (1943–2020) | F.G. Langendorf and D.C. Anderson |

**Articles: Short Format**

Full articles at Neurology.org/N

1064 Clinical and radiographic course of arrested cerebral adrenoleukodystrophy | E.J. Mallack, S. van de Stadt, P.A. Caruso, P.L. Musolino, R. Sadjadi, M. Engelen, and F.S. Eichler |

**Cover Image**

Geographic distribution of estimated SUDEP rates and median household income in all ZIP codes of three regions: New York City, Baltimore and surrounding area, and San Diego County. In each region, SUDEP incidence is often higher in ZIP codes with lower median household income. Stylized by Kaitlyn Aman Ramm, Digital Multimedia/Graphics Coordinator. See page 1069

What’s Happening

1074 What’s happening in Neurology® Clinical Practice

1075 What’s happening in Neurology® Neuroimmunology & Neuroinflammation

1076 What’s happening in Without Borders

Contemporary Issues

1077 Rapid implementation of virtual neurology in response to the COVID-19 pandemic
S.N. Grossman, S.C. Han, L.J. Balcer, A. Kurzweil, H. Weinberg, S.L. Galetta, and N.A. Busis

Views & Reviews

1088 The 2013 clinical course descriptors for multiple sclerosis: A clarification
F.D. Lublin, T. Coetzee, J.A. Cohen, R.A. Marrie, and A.J. Thompson, on behalf of the International Advisory Committee on Clinical Trials in MS
Open Access

1093 Functional gait disorders: A sign-based approach
Open Access Video

Clinical/Scientific Notes

1100 Neurologic manifestations in an infant with COVID-19
Open Access

NeuroImages

1103 Reversible brain shrinkage secondary to infant salt toxicity
A.C.H. Ho, S.W.Y. Poon, and A.C.O. Tsang

Resident & Fellow Section

1105 Clinical Reasoning: A 53-year-old woman with lower extremity paresthesias
S. Dehbashi, P. Jin, D. Edelschick, and S. Shin

e2605 Pearls and Oy-sters: Vitamin B₆ deficiency presenting with new-onset epilepsy and status epilepticus in a patient with Parkinson disease
J.S. Modica, D. Bonno, and K.J. Lizarraga

e2608 Training in neurology: Flexibility and adaptability of a neurology training program at the epicenter of COVID-19
S. Agarwal, S. Sabadia, N. Abou-Fayssal, A. Kurzweil, L.J. Balcer, and S.L. Galetta

Disputes & Debates: Editors’ Choice

1109 Editors’ note: Sporadic late-onset nemaline myopathy: Clinical spectrum, survival, and treatment outcomes
A. Ganesh and S. Galetta

1109 Reader response: Sporadic late-onset nemaline myopathy: Clinical spectrum, survival, and treatment outcomes
N. Chahin and C. Karam

1110 Author response: Sporadic late-onset nemaline myopathy: Clinical spectrum, survival, and treatment outcomes
E. Naddaf, M. Milone, A. Kansagra, F. Buadi, and T. Kourelis

1111 Editors’ note: Acute elevation of serum inflammatory markers predicts symptom recovery after concussion
A. Ganesh and S. Galetta

1111 Reader response: Acute elevation of serum inflammatory markers predicts symptom recovery after concussion
N.K. Sethi

1111 Author response: Acute elevation of serum inflammatory markers predicts symptom recovery after concussion
T. Meier and M. Nitta
