Clinical and neural responses to cognitive behavioral therapy for functional tremor

Neurology® 2020;95:890. doi:10.1212/WNL.0000000000010608

In the article “Clinical and neural responses to cognitive behavioral therapy for functional tremor” by Espay et al.,¹ the final data point in figure 4 for HAM-D correlation should be 0.81, higher than originally reported. This change does not alter the interpretation of the analysis. The authors regret the error.
