Correction

Clinical and neural responses to cognitive behavioral therapy for functional tremor

In the article “Clinical and neural responses to cognitive behavioral therapy for functional tremor” by Espay et al.,¹ published online October 4, 2019, and in print November 5, 2019, the final data point in figure 4 for HAM-D correlation should be 0.81, higher than originally reported. This change does not alter the interpretation of the analysis. The authors regret the errors.
