## Correction

### Ictal quantitative surface electromyography correlates with postictal EEG suppression

In the article "Ictal quantitative surface electromyography correlates with postictal EEG suppression" by Arbune et al.,<sup>1</sup> published online May 12, 2020, and in print June 16, 2020, reference 12 should be: "Bateman LM, Mendiratta A, Liou JY et al. Postictal clinical and electroencephalographic activity following intracranially recorded bilateral tonic-clonic seizures. *Epilepsia* 2019;60:74–84." The authors regret the errors.
