Long-term Follow-up, Quality of Life, and Survival of Patients With Lambert-Eaton Myasthenic Syndrome

In the Article “Long-term follow-up, quality of life, and survival of patients with Lambert-Eaton myasthenic syndrome” by Lipka et al., Table 2 was previously missing from the paper and is shown below. Further, the references to “Table 1” in the last paragraph of the Results section, on pg. e516, should read “Table 2.” The authors regret the errors.
